Dear CCA Families:

As a student- and family-focused organization, CCA routinely reviews its programs and services and solicits feedback from families to ensure we are meeting their needs and expectations.

CCA recognizes that economic conditions are creating financial challenges for families across Pennsylvania. To assist in reducing the pressure many families may be experiencing, beginning with the 2022-23 school year, we are making changes and enhancements to the Student Loyalty Program, Instructional Technology Subsidy payments, and Community Class Reimbursement program.

Below is an overview of the upcoming changes to each program.

**STUDENT LOYALTY PROGRAM**

The Student Loyalty Program is designed to assist families with the cost of CCA-scheduled paid field trips. CCA recognizes the value of socialization and academic enrichment that occur on field trips and we want to ensure all students and families have the ability to participate.

The below chart details the changes that will be made to the Student Loyalty Program for the 2022-23 school year. With these changes, a family of four who has been enrolled in CCA for three or more consecutive years can receive up to $240 per month in discounts on CCA field trips.

Please note: these changes will replace the one-time personal field trip program that was in effect for the 2021-22 school year since many venues across the state imposed limits on or declined to host large groups due to the COVID-19 pandemic.
If you believe you qualify for the low-income benefits, we will be sending out and gathering information early next school year.

INSTRUCTIONAL TECHNOLOGY SUBSIDY

Instructional Technology Subsidy (ITS) payments assist eligible families with the cost of printer supplies, home internet access, and other technology-related expenses.

Beginning with the 2022-23 school year, the quarterly ITS payment will increase from the current $150 per quarter ($50 per month) to $225 per quarter ($75 per month) for each household – an annual increase of $225.

As a reminder, ITS payments are paid to families on the following schedule:

- December for the months of September, October, and November;
- March for the months of December, January, and February; and
- June for the months of March, April, and May.

COMMUNITY CLASS REIMBURSEMENT

The Community Class Reimbursement program assists families by offsetting the cost of local classes taken in the community, such as dance class, musical instrument lessons, and gymnastics.

Beginning with the 2022-23 school year, the Community Class Reimbursement will increase from the current $250 per student per year to $300 per student per year – an annual increase of $50.

If you have any questions about the above changes and enhancements, please contact the Family Services Department at familyservices@ccaeducate.me.

We look forward to serving you and your child next school year.

Sincerely,
